

BOX Art Identification Label Instructions

1. Artists must attach a completed BOX art identification label on each work of art submitted to BOX. No other art-work labeling system will be accepted.
2. Copies of this form will be available at the BOX Entry Drop-off location during the Stage One art intake.
3. Dimensions in inches h x w x d are always the outer dimensions of the artwork as it is presented; for framed or mounted unframed work in case of limited editions.
4. Suggested price is to include taxes if applicable and the 20% BOX charity donation.
5. Please print, cut apart on the dotted lines, and attach a completed art identification label as directed on the back every BOX artwork submission.
6. **For 2D submissions:** attach each label upside down on the top left back corner, so that jurors looking at your work can read the label on the back by tipping the work forward.
7. **For 3D submissions:** labels should be in a readable position.

<p>Artist's Name: _____</p> <p>Title of Artwork & Year Completed: _____</p> <p>Medium: _____ (include details of mixed-media work)</p> <p>Numbering in Series: _____ (for limited editions only)</p> <p>Size in inches: _____ (h x w x d)</p> <p>Suggested Price: _____</p>	<p>Artist's Name: _____</p> <p>Title of Artwork & Year Completed: _____</p> <p>Medium: _____ (include details of mixed-media work)</p> <p>Numbering in Series: _____ (for limited editions only)</p> <p>Size in inches: _____ (h x w x d)</p> <p>Suggested Price: _____</p>
